It looked like slow curtains and funeral music for Baumgardner when Danny Moeller opened the game with a terrific drive to right center for a home run, but the pitcher came down to earth with summing speed and yielded just four scattered hits until the ninth arrived.

Griff's good judgment in sending up Germany Schaefer and Alva Williams as pinch hitters had a whole lot to do with winning the ball same. Behind Engel and Hughes the Nationals played flawless ball. Milan and McSride were the stare afield, while Danny Moeller came through with three solid blows our of five times up.

The gallery of the Caroe Club's was packed with spectators, the large crowd probably being due to the fact that there was no admission fee auch as is the burse of all ordinary circuses. Following the grand parade of the animals came the club championship dutbes, which was won by Measra, Hammer and Finkensur. Owing to the fact that the bow man in each canoe weighed in the neighborhood of 310 pounds and the siern was about 100, considerable difficulty was experienced in the matter of keeping a straight course.

Manager Griffith Says York Must Return Youngster. Writes to Herrmann.

JOHNSON HURLS TODAY

"Dutch" Munch Will Go South Next Spring with Club Unless Syracuse Fails to Keep Agreemat.

By WILLIAM PEET.

By WILLIAM PEET.

St. Louis, Me., Aug. 2.—"Not only diese Fitcher Jim Shaw belong to the Washington baseball club, but I have written to enter the fitch of the Washington baseball club, but I have written to support the property of the mational commission, denanding for mational commission, denanding that the You amanagement return him to me at once.

Griff cutted the foregoing when informed that a dispatch from York, Farmanounced the sale of Shaw to the Detroit club, and there is the backed up the York claim.

"Mr. Herrmann does not understand the case, or else he would never have handed down such a decision," said Griffity, but he will know the case when he gets my letter."

According to Griff, Shaw was first sold to Wilkesburre under a 1200 optional agreement. Wilkesburra sent him back and Griff burned him over to George Hackert, the York manager, with the option for the player, according to a ruling by Ban Johnson. A telegram to this effect is on the in Griffith's office. In view of this, Heckert had no business to sell Shaw to Detroit, and Griffith has made demand for the immediate dilivery of the pitcher, as his manny exercing the 1200 option has already been puid.

"Heckert knew all the time that Shaw "Heckert knew all the time that Shaw

gleans in the eye as he said it.

Asked if Duich Munch, the former Wazhington sandlot star, who was sent to the Syracuse club, of the New York State League, this spring, and who smade sood, would be taken South with the Nationals for frainting next spring. Griff stated that he did not know, as Munch had not been sold under an optional agreement, but sent to Syracuse with the understanding that the Washington club would have first claim to his services.

"It is up to Fred Burchell, the Syracuse manager. I have only his ward, If he is willing to men Monch back to me this full I will take him South with us next apring. Burchell may try and pull off the same kind of a stunt Heckert did with Shaw."

The Climbers left St. Louis at 9 o'clock changht for Chicago, the final storping place in the West this season. Three games are to be played with Chilahan's White Sox, and Walter Johnson will plich the opener tomorrow.

Walter has won every game in which has started against the White Sox this year, and if able to pull down a victory tomorrow he will have a record of four-teen straight.

from straight.

Since the Nationals won two games is a row from the Cleveland Naps. Birmingham's crowd has failed to win a rame. A glunce at the standing of the teams shows Washington tonight within two said a half games of the Forest City crowd, and there is a remote chance that the Climbers may after all, he able to return East in second place. But in creder to accomplish this Griffs team must win all three games from the Wirgle Sax while the .ew Yorks administer he same dose over in Cleveland.

Griff made a wise move in pitching Joe Engel today, for he was able to win his game and save Johnson for the White Sox Louncrow. "My poy Joe" twizied a better game than the accer indicates, while Tom Hughes, as a finisher, seems to be about as good as can he found. Long Tom has earned his salary this season as a relief twister.
